ROOSEVELT RIDE TOO ROUGH

The recent military physical endurance test his hard on some army officers in Hawaii whose popularity makes it harder for themselves and their friends to bear.

Major Rice, commanding officer at Fort Ruger, failed to pass the rough-riding test recently imposed and so he will be retired, though well within the age limit. He has been relieved of command and ordered to San Francisco.

Captain Edward Timberlake, Coast Artillery Corps, is relieved from the 47th Company and ordered to Honolulu to assume temporary command of Fort Ruger; temporary, for reason that two companies of field artillery are soon to be sent here, probably next month, when a higher ranking officer, probably a major, will relieve Timberlake of his temporary command.

There is one other Honolulu military officer who will be retired for disability. He is also within the age limit.

SLEEPLESSNESS.

yields quite readily to the soothing and strengthening influence of Dr. Miles' Nerve, because it is a purely nervous affection. Even the chronic form, while often stubborn, is eventually cured by its persistent use. Sold by druggists on a guarantee that first bottle will benefit or money refunded.

By killed by a revolver shot through the head last Sunday morning.

The revolver was a Smith & Wesson hammerless, and the manner in which the gun went off appears mysterious. The gun was upon a shelf and it is believed the child pulled it down, discharging the contents into one eye, killing him instantly.

The child's mother was in an adjoining room and upon hearing the report of the gun ran in only to find her son dead.
